

LETTERS AND NUMBERS

Reflective letters and numbers provide distinct day and night visibility.

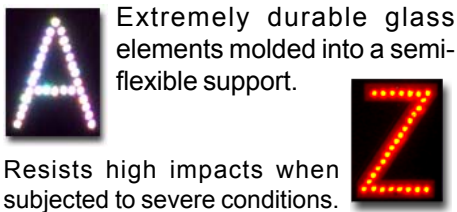

REFLECTORS

High visibility indoor and outdoor reflectors. Reflective marking systems greatly enhance awareness in all weather conditions, day and night, inside or out. Prismatic reflectors can be used individually or they can be clustered together to create signs of any dimension for words and logos. Glass element reflectors have individual reflective "Cat's Eye" beads that illuminate when exposed to any amount of light. Durable bright color markings clearly identify all applications. Both prismatic and glass element reflectors exceed any other reflecting device in their category.

REFLECTIVE GLASS NUMBERS

REFLECTIVE GLASS LETTERS

Extremely durable glass elements molded into a semi-flexible support.

Resists high impacts when subjected to severe conditions.

INSTALLATION

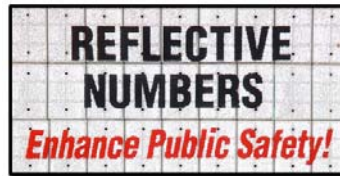

Reflectors have two (2) anchoring holes for quick and easy fixation.

Can be installed with either screws, nails, adhesive or double sided tape.

Bead Color	Font Color	Item Numbers Letters	Cost
White	Black	3730-GB-(0-9)(A-Z)-WBK	\$3.50
White	White	3730-GB-(0-9)(A-Z)-WW	\$3.50
Red	Red	3730-GB-(0-9)(A-Z)-RR	\$3.50
Blue	Blue	3730-GB-(0-9)(A-Z)-BB	\$3.50

PRISMATIC REFLECTORS WITH MARKINGS

REINFORCED

High power prismatic reflectors are built with individual reflective chambers that protect the lens from contamination if it is exposed to outside elements.

Resistant to all types of cleaning solvents. Made from the highest reflective properties. Cat's Eye Reflector is protected by its firm permanent backing.

AESTHETIC SUPPORTS FOR REFLECTORS

Wrought Iron support for all reflectors

Unbreakable pre-cut Fiber Board.

Rod Iron

ITEM #	Size	Reflectors	Color
S730-RI-BK	H33" x W12"	Up to 4	Black

Fiber Board

ITEM #	Size	Reflectors	Color
S730-10-FBW	H7" x W10"	Up to 2	White
S730-13-FWB	H7" x W13"	Up to 3	White
S730-16-FWB	H7" x W16"	Up to 4	White

High power reflectors can be clustered together forming reflective signs or they can be applied individually to provide enhanced safety.

REFLECTORS WITH NUMBERS

ITEM #	Size	Color
0112-W-0-9	3" x 4.5"	White
0112-W-A-Z	3" x 4.5"	White

Reflective numbers stand out in all weather. Identify buildings quickly and effectively for all fire, police or emergency personnel.

REFLECTORS ARE :

- Shatterproof
- Waterproof
- UV Proof
- Self-Cleaning
- Interchangeable

REFLECTORS	Lens Color	Font Color	Item Numbers Letters	Price
Prismatic	White	Black	0112-W-(0-9)-(A-Z) -BK	\$6.25
	Red	White	0112-W-(0-9)-(A-Z) -W	\$6.25
	Blue	white	0112-W-(0-9)-(A-Z) -W	\$6.25
Wrought Iron	4 Reflectors maximum			\$19.00
Fiber Board	All sizes and shapes Price per square inch			\$0.05
